Step 1

1.1 Lay all parts on a flat surface.

1.2 Insert cross dowels (A) into legs (3) by placing each dowels (A) into the holes on top of each leg. Ensure the horizontal marking on each fitting is facing as shown.

1.3 Screw threaded bolts (B) into dowels (A) that are already concealed in legs (3) as shown. Continue to re-tighten until threaded bolt (B) are securely fastened.

1.4 Attach steel dowels (G) into legs (3) as shown. Use a pozi screwdriver to turn dowels (G) clockwise to fix. Ensure the direction of fittings (G) are facing correctly as per diagram.
2.1 Attach leg (3) into place by inserting threaded bolt (B) through the pre-drilled hole of metal corner bracket as shown.

2.2 Insert in order the flat washer (C), lock washer (D) and hex nut (E) onto threaded bolt (B) as shown.

2.3 Tighten hex nut (E) using spanner (F) as shown. Continue to re-tighten hex nut (E) until it is securely fastened.
3.1 Slide fixed shelf (2) into the slot and onto steel dowel on leg (3) as shown. Ensure fixed shelf (2) is placed completely in the slot of leg (3).

3.2 Secure shelf (2) to leg (3) using grub screw (H) as shown. Use a screwdriver to turn screw (H) clockwise to tighten.
Step 4

4.1 Attach leg (3) into place by inserting threaded bolt (B) through the pre-drilled holes of metal corner brackets as shown. Ensure the dowel and slot on leg (3) is aligned correctly with hole on fixed shelf (2) before attaching.

4.2 Insert in order the flat washer (C), lock washer (D), and hex nut (E) onto threaded bolt (B) as shown.

4.3 Tighten hex nut (E) using spanner (F) as shown. Continue to re-tighten hex nut (E) until they are securely fastened.

4.4 Secure shelf (2) to legs (3) using grub screw (H) as shown. Use a screwdriver to turn fitting (H) clockwise to tighten.
5.1 Attach the last legs (3) into place by inserting threaded bolts (B) through the pre-drilled holes of metal corner brackets as shown. Ensure the dowels and slots on legs (3) are aligned correctly with hole on fixed shelf (2) before attaching.

5.2 Insert in order the flat washers (C), lock washers (D) and hex nuts (E) onto all threaded bolts (B) as shown.

5.3 Tighten hex nuts (E) using spanner (F) as shown. Continue to re-tighten hex nuts (E) until they are securely fastened.

5.4 Secure legs (3) to shelf (2) using grub screws (H) as shown. Use a screwdriver to turn grub screw (H) clockwise to fix.
Step 6

Stand the unit upright and enjoy your new table!
