## What you need

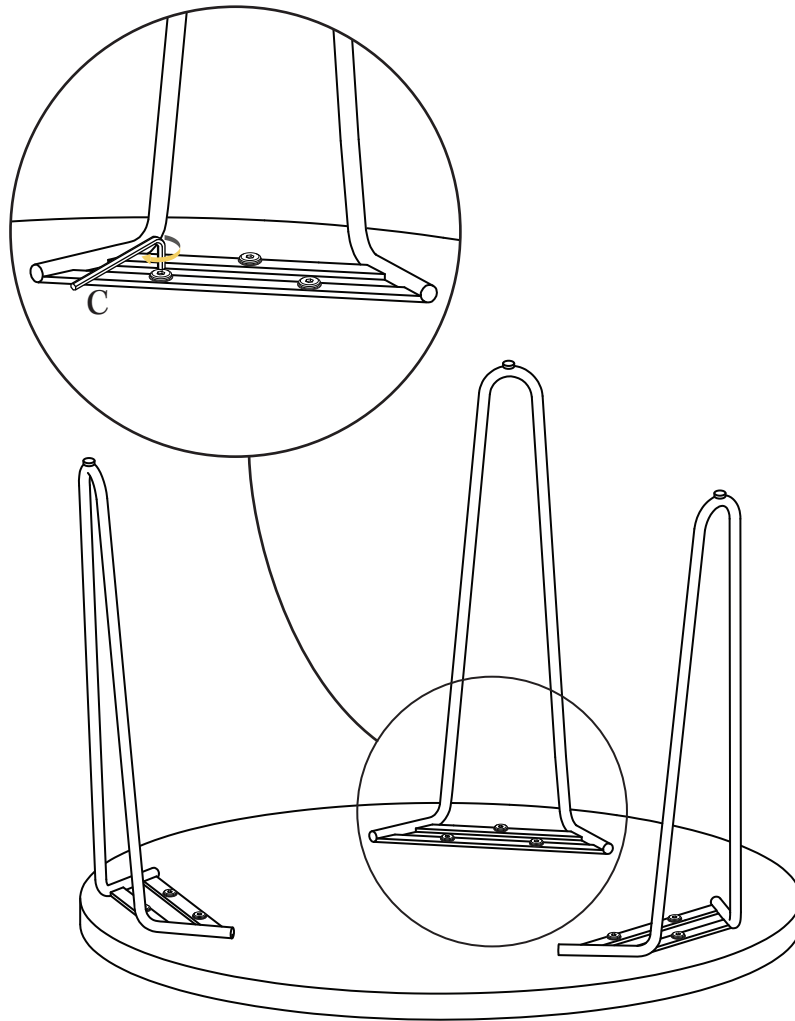

# Step 1

Place the table top (1) on a level surface with the underside facing upward. Align a leg (2) with the underside of the table top so that the bolt holes overlap. Fit a washer (B) to a bolt (A) and then insert the bolt into a hole. Secure the bolt with the Allen key (C) but do not tighten it yet. Repeat this for other holes and then repeat the whole process for the remaining legs.

# Step 2

Tighten all bolts using the Allen key (C).

# Step 3

Flip the table and place it upright on a level surface.  
Enjoy your new outdoor side table!
